

## **Photographic tour to Jenolan and Wombeyan Caves**

**13-14 November 2010**

Following the enormous success of our Photographic courses with professional photographer, Phil Cooper, Great Divide Tours has combined once again with Phil to now offer you the opportunity to join us on a dedicated 4WD photographic tour.

We plan to travel through some very scenic 4WD country along the Cox River to Jenolan Caves, then through the Kowmung River to our overnight camp at the old silver mining town of Yerranderie. The photographic opportunities are endless, with great river scenes, steep tracks, majestic mountain views and the historic buildings and mining materials at Yerranderie to test and learn your photographic skills. All with Phil Cooper right beside you to guide and assist with your photography.

On Sunday we will travel to Wombeyan Caves for more great photo opportunities in the beautiful parkland and underground in one of the Caves. The weekend will conclude with the very scenic drive up the mountain road, through the road tunnel to Mittagong which is just an hour away from Sydney. Phil will be right there to assist you with your photo needs throughout the day.

Great Divide Tours will cover your National Park, Cave and Camping fees and will provide their gas BBQ for your use. This is a self catered camping tour although some accommodation may be available at Yerranderie if you get in quick (Extra cost for the accommodation).

Photographic 4WD Weekend cost is \$580 per vehicle per couple, extra persons are \$50 each.

To book this great weekend and build on the skills you have previously learnt just call Vic on 02 9913 1395 or email him at [info@greatdividetours.com.au](mailto:info@greatdividetours.com.au)
